Officials at Cananea Discover  
Proof of Conspiracy Against  
the Government.

CANANEA, Mexico, Nov. 24.—That a conspiracy exists in Mexico participated in by adherents of General Bernardo Reyes to foment a general rising against the government of President Madero, was declared here today by Mexican officials, who caused the arrest of more than twenty men charged with being members of a Revista band. Many of those under arrest are prominent and were aligned with Madero in his struggle against President Diaz.

The prisoners include Postmaster Padilla, Oil Inspector I. Romero, Attorney T. L. Linares, Dr. J. Martinez and Dr. Buenrostro. Besides these there are now under arrest eight men from Naco, and four mounted policemen and three soldiers of Cananea.

Postmaster Padilla was allowed to continue his duties, but is under constant surveillance by an armed guard. The officials here claim that on some of the prisoners incriminating evidence was found. Romero, it was alleged, had an appointment from General Reyes as governor of Sonora. The officials claim also to have received information that the prisoners have exchanged letters with General Reyes at San Antonio, using the express company as a means of communication.

Reports were received here today of the arrest at Hermosillo of Lieutenant Colonel Rafael Romero, who recently resigned the post of prefect of the Hermosillo district. He was charged with army and held his position through Madero's influence. He is charged with being allied with the Revistas. He is a brother of I. Romero, arrested here today.

Two of those brought here from Naco today were former captains in the Madero army.

## SHORTAGE OF \$100,000; TREASURER ARRESTED

PITTSBURG, Nov. 24.—Elmer W. Moore, treasurer of the Federal Oil & Gas company, was arrested today on a capias, issued by Judge Charles Orr of the United States circuit court. It is alleged there is a shortage of \$100,000 in the accounts of the company. Moore's bond was placed at \$50,000, which a friend furnished.

Moore was taken into custody at his home by United States Marshal Porter, himself a director of the corporation. A capias was asked for the "Commonwealth Trust company of Pittsburgh and Secretary W. A. Chase of the Federal Oil & Gas company, who is also auxiliary receiver for the company."

About eight months ago, it is said, the stockholders of the company discovered that the funds were short \$100,000, but none of the officials could explain the discrepancy.

Auditors verified the shortage. It is said, and the stockholders had a receiver appointed. The issuance of the capias today for Moore, it is alleged, was taken with a desire to obtain the money and it is returnable December 1.

## BANKERS APPROVE THE ALDRICH PLAN

NEW ORLEANS, La., Nov. 24.—With but one dissenting vote, the American Bankers' association today gave its unqualified approval to the proposed Aldrich plan for the reform of the currency. Confidence was expressed that the high purpose actually in view was the sound commission assures the working out of the details in connection with the sound principles stated in the plan. In such a manner as to gain the confidence and support of all classes."

After the election of officers, the thirty-seventh annual convention of the association came to a close. Detroit was chosen unanimously as the first ballot as the convention city in 1912. Louis, Atlantic City, Chicago and Jacksonville, Fla., gave notice that they would ask for the convention in 1913.

President William A. Livingston of Detroit was elected president and C. H. Hottel of St. Louis vice president.

## CHIEF WITNESS FOR STATE ON THE STAND

KANSAS CITY, Nov. 24.—The death scene in the bedroom of Colonel Thomas H. Swope, the convulsions of the philanthropist and the circumstances of the fatal day were detailed vividly today to the jurors in the second trial of Dr. C. H. Hyde, charged with causing the death of Colonel Swope with poison, by Miss Pearl Virginia Kellar, a nurse, who took up her testimony started yesterday.

Under the guidance of the state's attorney, she told the jury of the capsule which Dr. Hyde took from a pink box and told her to give it to Colonel Swope. The state alleges the capsule contained cyanide and strychnine.

The state won a victory today when Miss Kellar was allowed to tell of the illness and death of Mose Hutton at the Swope home three days before the death of Colonel Swope. Hutton was named as executor in Swope's will. The nurse told how Hyde within fifteen minutes after Hutton died asked her to use her influence to have him appointed as new executor.

Kline, president of the International Brotherhood of Teamsters and Helpers union; Frank Paquin, vice president of the International Carriers' union; William Redding, vice president of the International Sheet Metal Workers union; A. G. Hainman, vice president of the International Boilermakers and Helpers union; and J. D. Buckwalter, president of the International Machinists' Helpers union, presented their grievances to Second Vice President Melcher and later to President Mudge of the Rock Island road, but these officials refused to accede to the demands of the union.

Both officials approved the decision of their subordinates, who had previously said that the demands of the shopmen for an increase of 2 cents an hour and changed conditions of employment could not be granted.

No further conferences will be held between the labor representatives and the railroad officials and that a strike may be called at any time. President Kline of the Brotherhood of Teamsters and Helpers union said: "We have nothing to give out at present in regard to the dispute between the shopmen and the Rock Island road. We know the position of the railroad and we will confer with the officers of the local union before action is taken."

Second Vice President Melcher said: "Evidence demanded by the shopmen involves an increase in our expenses and we cannot agree to any of them in view of general business conditions."

Threatened With Death.

"She talked so fast I could say nothing. Then she told me to sit down and sign a statement admitting the slander. I refused to do so. Ethel then told me to write my check for \$25,000 or I would never see my plane alive."

"Miss Graham began to dictate a statement for me to sign."

"Miss Graham said to me: 'You sneaked in here. Nobody knew you were coming. You came on the sly and we have three men just back of the wall who are listening to everything.'"

"I asked Miss Conrad if it was to be \$25,000 or death, and she said yes. The Graham girl said the same thing, and then I said: 'Well, I choose death.'"

He Did Not Kill Jewelry  
Salesman in Frisco.

SAN FRANCISCO, Nov. 24.—Confronted with blood-stained clothing, the hatchet with which the murder is believed to have been committed and jewelry stolen from the murdered man, John S. Rogers doggedly insists that he is innocent of the murder of Benjamin Goodman, a jewelry salesman, found buried beneath a pile of refuse in the commission district here Monday morning.

Rogers admits that the hatchet, overalls and shoes, all blood-stained, belong to him. The hatchet and shoes were found today in the telephone booth in the produce house where Goodman was killed. Rogers accuses Michael Prattini and John Faramento, both employees of the produce house of the crime. He declares Prattini handed him the package of jewelry stolen from the murdered man, which was found in a safety deposit box last night by detectives.

"I can face any jury in the world and get away with it," he commented at the scene of the murder yesterday.

Heard Smith, a woman to whom Rogers gave one of the dead man's rings, is held as a witness.

The transfer of Morse is to be made because of poor health.

Announcement of the transfer was made in the statement given out at the White house just before the conclusion of today's cabinet meeting.

Application has been made to the president on behalf of Charles W. Morse for a commutation of his sentence based on his present health, which has represented as serious. By the president's direction, the attorney general has directed the warden of the Atlanta penitentiary to transfer Mr. Morse to the United States army hospital at Fort McPherson, Atlanta, where he will have the best possible care and medical treatment, while still remaining in the custody of the federal authorities."

The government's first step towards proving this was the introduction of the agreement between Nat. C. Goodwin, company and the original owners of the Rawhide Coalition company, which it is said was taken over by the Schifels concern.

The contract was made March 2, 1908, and it was testified, that the Goodwin company, on the greater part of the three million shares at 20 cents a share, its par value was \$1. The stock was deposited with the Scheeline Banking & Trust company at Reno, Nev.

Monix Scheeline, president of the bank, testified today that the Goodwin company had exercised its option on thousands of shares. P. E. Storey, aged 34 years, was arrested on a charge of grand larceny at an early hour this morning by Patrolman Carleton. It is alleged that he robbed Fred Anchors, a painter, of \$35.
